OLEVI – Proud to be delivering the Teaching & Learning Syllabus

Improving Teacher Programme[©]

The Sanctuary is delighted to be offering the Improving Teacher Programme. Developed by OLEVI, this National College endorsed programme has gained a national reputation for raising standards in teaching and learning. Our team of outstanding facilitators; including NLEs and SLEs, were part of the first teams to deliver the programmes in the North West. We enjoy close relationships with OLEVI and our programmes have gained a reputation for their high quality and challenge. The 'ITP' provides teachers with a range of skills and strategies to deliver consistently and sustainably 'good lessons'.

What are the Aims?

- Develop a common language to discuss teaching and learning.
- Deepen understanding of the key aspects of good teaching and learning.
- Raise performance in the classroom by encouraging creativity and develop more innovative practice.
- Encourage the teacher to be more reflective and open to development.

Commitment

Programmes are best for schools that can send three teachers from the same school, however this is not essential. Each participant will require a Learning Coach from his or her home school, who is a good or outstanding teacher who can offer support. Participants can share the same Learning Coach.

Cancellations received 10 working days or less before the course date will be charged 50% of the course fee. This must be received no later than 48 hours before the course date (excluding school holidays and weekends).
