

OLEVI OTP © The Outstanding Teacher Programme

OLEVI –Proud to be delivering the Teaching & Learning Syllabus

Outstanding Teacher Programme[®]

The Sanctuary is delighted to be offering the Outstanding Teacher Programme. Developed by OLEVI, this National College endorsed programme has gained a national reputation for raising standards in teaching and learning. Our team of outstanding facilitators, who include NLEs and SLEs, were part of the first teams to deliver the programmes in the North West. We enjoy close relationships with OLEVI and our programmes have gained a reputation for their high quality and challenge.

The OTP provides teachers with in-depth coaching and facilitation to deepen teachers' understanding of classroom practices and develop the 'outstanding' practitioner.

What are the Aims?

- To move teachers to consistently 'outstanding' practice through reflection and facilitation
- Introduce coaching as part of the outstanding teacher
- Create a proactive school culture where teaching and learning are observed, discussed, challenged and enhanced.
- Increase job satisfaction and create opportunities for future leadership and career progression.

Commitment

Programmes are best for schools that can send three teachers from the same school, or across local clusters, however this is not essential. The programme is open to teachers with the potential to consistently deliver 'outstanding' lessons. As part of this, applicants need to; have a strong commitment to teaching and learning; have at least 3 years teaching experience and provide evidence that indicates that they have the ability to become outstanding teachers.

Course Outline:

Session 1: Teaching & Learning 1	(Half Day)
Session 2: Teaching & Learning 2	(Full Day)
